From the OR Tambo Airport area you could take the R21 to Pretoria and join the **N1 north Pietersburg(Polokwane)**

Travel on the **N1** highway until you reach the R576 turnoff at **Settlers/Condrington**. At turnoff turn left, travel to T-junction which meets Old Warmbaths Road and turn right, travel until you reach a stop street. You are entering Warmbaths. On your left will be a group of wooden thatch structures (Maxis, O'hagans, Greenfields etc.) Travel across stop street over the bridge until you reach a robot intersection. Turn left, (on the left is entrance to Pick'n pay & shops etc) follow road which will make a sharp bend around Aventura until you reach the next T-Junction. Turn left, travel past Aventura and Warmbaths Hospital, on your left hand side and at the circle turn left to travel on the Rooiberg/Thabazimbi road. Follow this road passing the entrance to Mabalingwe and the sign showing Mabula. 12 kilometers after the Mabula sign, on your left will show the provincial sign **Kromdraai**, and a **Dithōlō Board with logo of a male Kudu head**. Turn left onto Kromdraai a gravel road. As per drawing follow the road 11km until first cross road turn left, follow the road till your next cross road turn right, follow the road around a sharp curve travel until you see the main gate of Dithōlō on your right. Dithōlō signs are visible on the gravel road at each point to guide you.

Go carefully on the gravel road. About 60-70 km is a good speed.  
Also possible to take the Brits road if that is what you would prefer.
